

## WE BRING EFFICIENCY TO YOUR PATIENT CARE

### Dental Packs

Our customised single-use procedure packs and tailored contract manufacturing services ensure you have all you need, when you need it.

We focus on patient safety by providing single-use procedure packs and contract manufacturing services that put you in control.

# Clonallon

Clonallon Laboratories Ltd. was incorporated in 2001 to manufacture customised sterile surgical and medical procedure packs for global healthcare markets.

Based in a modern 15,000 sq.ft facility, Clonallon manufacture sterile procedural packs in validated Class 7 Cleanrooms. All our manufacturing processes and Quality Management Systems are accredited to ISO13485:2016 and MDD 93/42/EC.

We focus on patient safety by providing single-use procedure packs and contract manufacturing services that put you in control.

Firm clinical knowledge has allowed us to establish a trusted reputation in the healthcare industry, and has enabled us to further develop and expand our services to client focused pack contract manufacturing.

Our corporate ethos is defined by the intent to increase patient safety and

reduce the overall burden of Health Case Associated Infections (HCAIs) on our healthcare institutions.

Clonallon operates using a tailor-made software Management Information System enabling our team to manage all aspects of production and distribution.

All Clonallon manufactured goods are provided with a Unique Device Indicator (UDI) which allows full traceability along the supply chain to an individual patient.
